Re: Mendieta, et al. v. 56 Fresh Market Corp., et al. 22-cv-4979 (RA)

Your Honor,

I apologize for the delay. One of the Defendants was having cold feet and logistical problems (they were out of the country) about signing the Agreement. Counsel and I worked together to resolve both the cold feet problem and the logistical problem. So, I have signatures from the Defendants and I have it out to my clients to sign. They should be returning their executed copies tomorrow if they can sign electronically, if not they will have to come into my office ASAP.

With the Court's permission, the undersigned would submit the fairness motion on or before next Friday April 7th, 2023, if not earlier.
